We had an enjoyable and profitable visit to [REDACTED] campus earlier this month, and I want to thank you for both [REDACTED] and myself for your help. We appreciate it very much.

Enclosed is a copy of Mr. Dulles' recent testimony before the Subcommittee on Economic Statistics of the Joint Economic Committee. This presentation not only embodies our latest thinking on the subject of U.S. vs. Soviet economic growth, but also clearly shows the intimate relationship between intelligence and policy. Further, I believe the testimony reveals a good deal about the kind of economic research conducted in our Agency.

We are looking forward to our next visit. In the meantime, please do not hesitate to write me about any unclassified materials we may be able to furnish you that would help in your classes or research.

Sincerely yours,
